A. GARY ANDERSON GRADUATE SCHOOL OF MANAGEMENT

The A. Gary Anderson Graduate School of Management (AGSM) is ranked a Top 100 Best Business School, recognized for excellence in research, a world-class faculty and graduate success.

The UCR School of Business is located in a hub of international commerce and trade, and one of the fastest growing regions in California. It is nationally and internationally recognized for professional business education and leading research with master programs that develop leaders, innovators and scholars who are as diverse as the challenges they face, the workforces they lead, and the enterprises they grow.

ADMISSIONS CRITERIA

We welcome all undergraduate majors with and without previous work experience, and evaluate your application based on the quality of your academic work, GMAT or GRE results (optional), letter of recommendation, and work experience. For the Business Analytics, Finance and Professional Accountancy programs, it is recommended to have strong quantitative knowledge from an undergraduate major in business, engineering, mathematics, or statistics, among others.

INFLUENTIAL ALUMNI

You will have a network of thousands of influential business professionals at top national and international firms and other organizations who proudly call the A. Gary Anderson Graduate School of Management their alma mater. These business leaders actively recruit and support UCR graduates.

APPLICATION REQUIREMENTS

- Online Application Process
- Statement of Purpose
- Transcripts
- One Letter of Recommendation
- Current Résumé/CV
- GMAT or GRE Exam (optional)

CAREER DEVELOPMENT CENTER

The Career Development Center (CDC) at the A. Gary Anderson Graduate School of Management is a comprehensive, career-focused resource center for all graduate business students at UC Riverside. Our goal is to ensure that every AGSM student is equipped with the tools necessary to succeed in their internship, job search and ultimately as a business leader across the globe.

SCHOLARSHIPS & FINANCIAL AID

We offer competitive scholarship packages to domestic and international students based on merit, academic strength, and professional excellence. Teaching assistantships, research assistantships, employment awards, and private and federal government loans are also available.

The CDC staff works closely with all students, individually and in group settings, to customize internship and job search strategies, and personalize recommendations to support each individual's goals.

We invite you to reach out and connect with us personally. Join us for an online information session or schedule a one-on-one consultation. We are available on some of your favorite communication platforms including Zoom, WeChat, and Whatsapp.

MBA & PROFESSIONAL MBA

STEM-CERTIFIED DEGREE PROGRAMS

The full-time MBA and Professional MBA programs provide a robust experience at a nationally ranked and internationally recognized business school. Located on one of the fastest-growing and future-focused University of California campuses, you can explore new opportunities in business research and cross-disciplinary areas. Build and diversify your professional experience to accelerate your career.

The full-time MBA program is taken over the course of two years; the Professional MBA (PMBA) is a part-time program designed to be taken at a flexible pace to accommodate work and personal schedules. Choose a concentration to tailor the program to your career aspirations, and work with expert faculty that provide new applied research opportunities. The program builds upon strong theoretical foundations and cultivates the hard and soft skills, which develop managers, leaders, and visionaries.

-
- **Full-time MBA:** 21 months
 - **Professional MBA:** At your pace
 - **MBA - 82 Units | PMBA - 80 Units**
 - 9 Required courses
 - 9 Elective courses
 - 1 Required internship / work project

MASTER OF FINANCE

A STEM-CERTIFIED DEGREE PROGRAM

Build a career in the world of finance as a Chartered Financial Analyst (CFA), Certified Financial Planner (CFP), or a member of the Global Association of Risk Professionals (GARP). This program educates client-facing professionals in understanding, translating and presenting complex financial instruments to their clients.

The curriculum provides you with the essential financial acumen needed to impact and lead financial management in a range of organizations at national and international levels. It builds skills in financial analysis for careers in corporate finance, investment banking, and risk management.

-
- 9 Months
 - 48 Units
 - 7 Required courses
 - 2 Restricted elective courses
 - 2 Elective courses

MBA CONCENTRATIONS

ACCOUNTING

FINANCE

INFORMATION
SYSTEMS

MANAGEMENT

MARKETING

OPERATIONS &
SUPPLY CHAIN
MANAGEMENT

MASTER OF PROFESSIONAL ACCOUNTANCY

A STEM-CERTIFIED DEGREE PROGRAM

Build a career in accounting through advanced education in audit and assurance, taxation, accounting information systems and ethics. It prepares you with the knowledge to meet the State of California Board of Accountancy education standards required for the Certified Public Accountant (CPA) exam, as well as for the Certified Management Accountant (CMA), Certified Internal Auditor (CIA) and/or Certified Information Systems Auditor (CISA) exams.

Two tracks are offered: Track One is for applicants with an undergraduate degree in accounting and can be completed in 9 months. Track Two is for applicants without an accounting background and can be completed in 15 months.

-
- Track 1 - 9 Months | Track 2 - 15 Months
 - Track 1 - 48 Units | Track 2 - 56 Units
 - 5 Required courses
 - 7 Elective courses

MASTER OF SCIENCE IN BUSINESS ANALYTICS

A STEM-CERTIFIED DEGREE PROGRAM

Build a career in the growing and important field of business analytics. As firms have access to increasingly large amounts of data about their customers, costs, and suppliers, highly trained analysts who examine this information have become essential for improving operations, increasing the yield on marketing programs, and optimizing pricing and financing.

UCR's graduate degree in business analytics will bring your business acumen and statistical computing skills to a level that allows you to make the most of vast business data. The program can be completed in nine months of intensive study or follow a flexible schedule that combines your studies with industry work experience.

-
- 9 Months or at a flexible pace
 - 48 Units
 - 8 Required courses
 - 3 Elective courses
 - 2 Capstone courses

Gain the unique skillsets that set you apart as an expert in a particular business area by choosing one, or two Concentrations.

Each Concentration requires five courses. Students may choose from a wide range of electives in each Concentration. Courses can be selected with the assistance of a faculty advisor to meet individual educational and career goals.
